PUBLIC OPEN HOUSE US 60 Alignment Study

Wednesday, April 9, 2008
MountainBrook Village Activity Center★
5674 South Marble Drive
Gold Canyon, AZ 85218
6 p.m. - 8 p.m. MST
Presentation at 6:30 p.m. MST

The Arizona Department of Transportation (ADOT) and Federal Highway Administration (FHWA), as lead federal agency, are initiating environmental and engineering studies for the US 60 Alignment Project.

The US 60 Alignment begins near Siphon Draw Wash on US 60, Milepost (MP) 199.17, at the end of the "Superstition Freeway" in Apache Junction and extends east-southeast for a distance of 13 miles to end west of Florence Junction and State Route (SR) 79, MP 212.17. The project limits represent the end of the "Superstition Freeway" on the west and the intersection of SR 79 on the east respectively. A Location/Design Concept Report and Environmental Assessment will be completed for the US 60 Alignment Study.

The National Environmental Policy Act (NEPA) outlines the process by which federal agencies integrate public comments and environmental concerns into the decisions they make.

Representatives of ADOT, FHWA, and their consulting team will be available to provide information, answer questions, and discuss the project with the community. The public open house purpose is to present the alignment alternatives for public review, discussion and comment. The comments received will be used to develop and evaluate the final alternatives.

Persons with a disability may request a reasonable accommodation such as a sign language interpreter by contacting Amy
